Planning Department at (970) 728-3083**

**Times are approximate; items may begin earlier (except public hearings)
or later than scheduled.**

MEMORANDUM

TO: San Miguel County Planning Commission
FROM: County Planning Department Staff
RE: Special Use Permit: Spiritual Center
DATE: September 14, 2016

[text.word/centro.espirita.center.sup]

Bryan Rea, on behalf of Centro Espirita Beneficento Uniad Do Vegetal (CEBUDV), P.O. Box 488, Norwood, CO 81423, owner of a 40 acre parcel zoned Forestry, Agriculture and Open (F), seeks a Special Use Permit for a Spiritual Center. The property is located approximately 11 miles south of the Town of Norwood and 1.5 miles south of Lone Cone Reservoir on County Road 44ZS. In a 1999 letter to the Colorado Department of Property Taxation, requesting tax exempt status, the applicant states that CEBUDV prohibits its members from using the structures and land for any purpose other than for the practice of its religious "sessions" and for the social gathering and necessities of its members. The facility will never be used by other organizations or persons who are not official members of the CEBUDV. The applicant states they have received legal recognition as a religion from the IRS and are registered as a religion with the Secretary of State of Colorado. The property is classified as tax exempt by the County Assessor and the main building is identified as residential in type and the occupancy is listed as Church.

The property is located outside the Wright's Mesa Master Plan Area and the Wright's Mesa Zone District. The surrounding parcels are 35 acres or larger with residential and agriculture uses. The Meadows at Lone Cone subdivision south of CEBUDV are 35 acre parcels that have an approximate 10 acre building envelop adjacent to the southern boundary of the subject parcel (see map in packet).

The applicant states that the Center meets several times a month on average with one annual three day "campout" event in July. Depending on the type of meeting there are between 10 and 40 people attending and the meetings generally run between 6 pm and midnight. The approximate meeting schedule:

1. Twice a month meetings – 30 persons
2. Seven Annual meetings – 30 persons
3. Six to ten other meetings – 10-40 persons
4. Annual Campout Event – 75 persons.

Facilities

The site has an existing Single-family Residence that is currently used as a meeting room for the facility. A Building Permit was issued for the 990 sq. ft. residence in 1998. The property and the residential structure have been used for the Spiritual Center since at least 1998 when the residence was constructed. Building Plans submitted to the Building Department in 1998 show a kitchen, bathroom, an entry with cubbies and coat hooks and one large open room. There is also a 400 sq. ft. second floor currently used for storage. The building plan does not show a bedroom.

There is also a yurt on the property which is used as a multi-purpose room, along with several outbuildings used for storage. The two story structure uses natural colors that blend in to the surrounding and contains no highly reflective materials. There is one exterior light on the residence and solar pathway lights for walking illumination. There is an identification sign at the entrance to the property.

During the monthly or annual summer meetings members may camp on the property overnight. The building facilities, bathrooms and kitchen, are available to the members during meetings. Campers who stay overnight after the meetings may also use the facilities.

Well

The current well permit is approved for domestic use and up to one acre of irrigation, and may require conversion to a commercial well permit. There is a copy of the well permit included in the CPC packet.

Septic

The existing onsite waste water treatment system is designed for one residential bedroom. The applicant states there are two porta-potties on site for additional bathroom support. The annual campout event attracts approximately 75 people. The Center brings in 5-7 porta-potties for additional bathroom support for this event and 150 gallons of water.

Wildlife Habitat Area – Gunnison Sage-grouse

The northern portion of the property lies within mapped Gunnison Sage-grouse habitat. It is the policy of the County to protect, enhance and preserve Gunnison Sage-grouse populations and their habitats. The County will consider and, to the extent possible, implement the rangewide and local conservation strategies set forth in the Gunnison Sage-grouse Rangewide Conservation Plan when considering land use activities and development that is located within Gunnison Sage-grouse habitat as mapped by the Colorado Parks and Wildlife. The applicant states the property will be left in its natural state and that no landscaping will be done. The existing perimeter fence will be kept and no additional fencing is being constructed. All structures are located on the western edge of the parcel away from the Gunnison Sage-grouse habitat. A mapped habitat area is included in the CPC packet.

Review Process

Churches and community meeting halls are uses allowed subject to One-step County Planning Commission review pursuant to Pursuant to Land Use Code Section 5-307 D. II. and Sections 5-407 Wildlife Habitat Areas, Section 5-10 Special Uses and 5-21 Scenic Quality.

Referral Agents

This application was referred to Steven Zwick, County Attorney, Mike Horner, County Road Superintendent, Janet Kask, Director County Open Space & Parks, Chris Smith, County Environmental Health Specialist, Mark Caddy, Colorado Parks & Wildlife, Scott King, Colorado Division of Water Resources, Patti Grafmyer, Norwood Water Commission, and Ted Mueller, Norwood Fire Protection District, for review and comment.

Neighbor Notification

All property owners within 500 feet were notified of the proposed Special Use Permit application and time and place of the meeting. No comments or objections have been received at this time.

County Road Superintendent Comments

In an August 16, 2016 email, County Road Superintendent Mike Horner states the existing driveway to the property has been inspected and is in compliance with Road & Bridge specifications. Any connections to utilities will require a Special Construction Permit from the Road Department prior to any disturbance within the county road right-of-way.

County Director, Parks & Open Space

In an August 18, 2016 email County Parks & Open Space Director Janet Kask states that the parcel contains mapped Gunnison Sage-grouse habitat and all activity should be limited within the mapped habitat. The sage brush should be maintained and not destroyed or cut. Construction activity should be limited to outside the habitat area.

Norwood Fire Protection District Comments

In an August 31, 2016 email, Norwood Fire Chief Ted Mueller states the district has no issues with the permit, but does want to remind the occupants of the county regulations regarding any open burning such as campfires, bonfires, slash piles, etc. require notification to the San Miguel County Sheriff's Office Dispatch (970-728-1911x1) who will advise if it is safe to burn.

County Environmental Health Specialist Comments

In an August 16, 2016 email County Environmental Health Specialist Chris Smith states the existing Onsite Waste Water Treatment System (OWTS) is insufficient for the proposed occasional increased water use according to his understanding of the state OWTS regulations. He recommends that a Professional Engineer conduct an evaluation of the OWTS design flow based on the occasional high water use, including the possible use of vault privies.

Mr. Smith further states that minimum sanitation for public health requires properly furnished handwashing facilities be provided with the restroom facilities, including privies. The minimum requirements for hand washing facilities include free flowing hot and cold water, waste water disposal, dispensed soap and paper towels, and a waste receptacle for paper towels. For temporary type hand washing units, the hot water requirement is typically non-compliant. If temporary handwashing facilities are proposed, the applicant shall describe how all requirements for a temporary handwashing facility will be managed and maintained in compliance.

County Planning Staff Comments and Recommendations

In 2013 the applicant applied for a yurt to be placed on the property. At that time staff reviewed the uses on the property and informed the applicant that while we had no objection to placing a yurt on the parcel if it met setback requirements the applicant needed to submit an application for

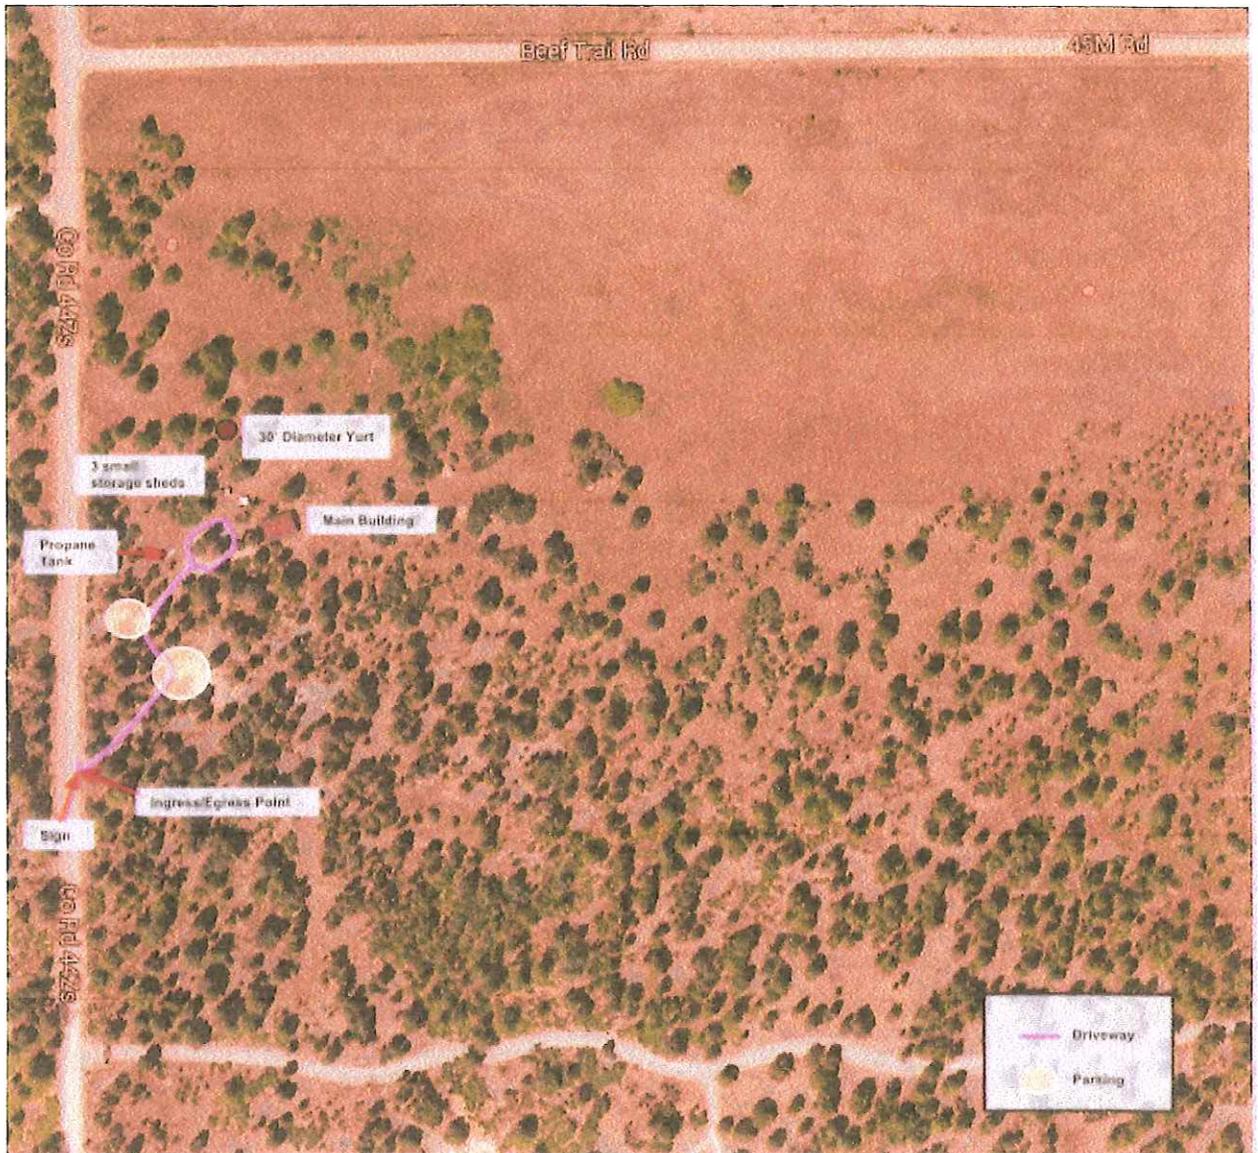

a Special Use Permit for use of the property as a religious organization spiritual center meeting facility. Staff informed the applicant that the Building Permit and Septic Permit issued by the County was for a Single-family Residence and staff can find no documentation that the structure was permitted as a meeting facility for a religious organization.

The existing OWTS was designed for a one bedroom residence. The system may need to be enlarged to accommodate the larger number of members at the monthly meetings and the annual campout or if there is an increase in the number of members the applicant may need to provide additional porti-potties. There is no evidence that the OWTS has experienced any problems with the use that has been in place since 1998.

Included with the CPC packet is a list of questions staff sent to the applicant that includes the applicant's response. In a September 8, 2016 email the applicant also addressed potential growth of the facility, stating the membership has probably doubled since 1998 from 15 member to 30-35 member and he anticipates continued growth about 10% per year. The members have discussed the need to expand and have considered a larger meeting hall with the appropriate infrastructure.

Any approval should be contingent upon:

1. The Special Use Permit is issued specifically to Centro Espirita Beneficento Uniad Do Vegetal (CEBUDV).
2. The approval is specific to the site plan as submitted. Any increase in the current attendance numbers or size of facility may require additional review of the facility by the Planning Department and possibly the County Planning Commission.
3. The applicant should provide 1 or 2 hand washing stations for use by the members during the campout weekend or another hand washing facility acceptable to the Environmental Health Department. These stations can be obtained from the porta-pottie company.
4. People and dogs should be kept out of the mapped Gunnison Sage-grouse habitat area during hatching and breeding seasons and any disturbance to or within the habitat area should be minimized.
5. Providing some type of fire suppression system shall be provided for open campfires.
6. Providing documentation that the current well permit is a legal and physically adequate water supply for the use and if not the applicant will take steps to obtain the appropriate well permit as required by the Colorado Division of Water Resources. If issues develop with the OWTS due to water use the County will review and reconsider the Special Use Permit application approval.
7. The Special Use Permit shall be reviewed in one year to determine whether the applicant has complied with all conditions of approval.
8. All written representations presented in the application and all supplements shall be considered conditions of approval unless amended by this review process.

-
- Structure/Sign Measurements
 - Yurt : 30 foot diameter, ?? Elevation
 - Main Building
 - Outbuildings
 - Sign
- Landscaping
 - Leaving all grounds with natural vegetation. No landscaping done.
- Topography
 - Land is essentially flat. Leaving natural topography untouched.
- Building Use
 - Sheds
 - Storage
 - Yurt

- Multi-purpose Room
 - Main Building
 - Meetings
 - 1st and 3rd Saturday of the month
 - 8 pm - Midnight
 - ~30 people
 - Business meetings every 3rd Saturday of the month
 - ~10 people
 - 4:30 pm - 5:30 pm
 - Annual Meetings
 - 6 pm - Midnight,
 - 01/06, 02/10, 03/27, 07/22, 11/01, 12/24, 12/31.
 - ~30 people
 - 6-10 other meeting dates
 - 6 pm - Midnight
 - days determined at the criterion of the leadership.
 - 10-40 people
 - Annual National Campout on 4th of July Weekend.
 - ~75 people for 3 days
 - Additional Sanitation Facilities
 - 5-7 Porta Potties
 - 150 gallons of Drinking Water
- Lighting Plan
 - Only 1 small outside light at front door of the ~~main~~ MAIN BUILDING.
- Water/sewer plan – must meet state standards and may include verification of a commercial well permit;
 - Sewer
 - Septic/Leach field system
 - 2 Porta-Potties on site for additional bathroom support
 - Water
 - Pre-existing water well
- Weed Control
 - Walkthroughs at various times throughout the summer to confirm no weeds. No outside sources of fill dirt.
- Fencing Plan
 - Keeping original fencing around perimeter of property. No additional fencing is being constructed.
- Designations of scenic views of natural and historic features both from and toward the site and descriptions of how these vistas will be preserved;
 - No obstruction of natural views. Main building, yurt and storage sheds are all lower than tree heights.
- Designs that orient improvements in ways that allow them to blend in with and utilize the natural topography;

- All structures use natural colors found naturally in the vegetation and landscape (Primarily Brown). As mentioned above, the main building, yurt and storage sheds are all lower than tree heights.
- Utilization of colors and textures found naturally in the landscape and prohibition of reflective materials, such as highly reflective glass or metals.
 - The only glass is in small windows on the main building. No highly reflective materials are used.
- Utilization of native or similar horticultural materials for revegetation and reforestation and guarantees that any needed revegetation or reforestation will be completed during the first planting season after construction;
 - Minimum revegetation of grass was completed after construction of main building. Otherwise, entire property is in its natural state.
- Plans to remove and save topsoil, prior to any grading or excavation and replacement, for reuse during revegetation
 - No topsoil was removed for yurt construction. All topsoil removed for the main building construction has been re-used on the property.
- Design and construction plans for roads and associated structures that bear a logical relationship to existing topography to minimize the need for cuts and fills;
 - No cuts or fills were required for road/parking construction. Roads and parking are marked on the map above.
- Location and installation of utilities in ways that will cause the least damage to the natural environment
 - The main building and yurt are close to the western edge of property (near power source). Electric and gas lines are underground.
- Provisions requiring shielding of exterior lighting to prevent direct visibility of light bulbs from off-site, directing of all exterior lighting toward either the ground or the surface of a building and prohibiting high intensity sodium vapor and similar lighting.
 - There is only 1 outside light. It is a small jelly jar light (incandescent) above the front door of the main building
 - Small down-lit solar lights for walking illumination.

To: Karen Henderson <karenh@sanmiguelcountyco.gov>

Hi Karen,

Yes , the membership has grown . Probably doubled since then and I anticipate continued growth . Seems like a 10% growth per year. We have had discussions about the need to expand and consider a larger meeting hall along with the appropriate infrastructure .

Regards, Bryan

Bryan,

Has the number of members changed since 1998; can you estimate the change; do you anticipate an increase in membership in the future, if so what do you anticipate?

Thanks

Karen

Hi Karen,

To clarify a little more. When we built the structure in 1998 , I think we had about 15 members . Generally, these days we have around 30-35 people attending our meetings on a regular basis. Our membership fluctuates because we have friends and family who live far away and attend occasionally throughout the year.

Regards, Bryan

Bryan,

Has the number of members changed since 1998; can you estimate the change; do you anticipate an increase in membership in the future, if so what do you anticipate?

Thanks

Hi Karen,

It was there from the beginning. That's the way it was built and inspected for at the time. I don't remember the initial plans or if they were changed in process. It's a slab on grade building, so everything had to be in place plumbing wise. Nothing was changed later.

Thanks, Bryan

Bryan,

When was the second bathroom constructed in the meeting hall? The building plans only show one.

Response from Bryan

Bryan,

I have attached a draft memo and some question for you to respond to regarding your application. Staff will be providing more comments and recommendations after receiving your comments.

Please address the comments provided by the County Referral agents (attached) and provide comments to the following questions

Are the numbers given a projection for the future use or are they the current usage of the property? They are the current average use.

According to the provided letter to Examiner Trogonoski the facility is only used for meetings attended by members of the Center. Is this correct? Correct – use only for members

Apparently the property has been used for camping (tents, RV's etc.) at other times of the year other than the Campout weekend. Please provide more details. Not used for camping at other times. In the summer after some of our meetings, sometimes a few members (6-8 people for example) spend the night maybe in a tent or a van and leave the next day. This is what is referred to as camping at other times. To be clear there are not campers that stay on the proerty beyond this use described.

Are facilities ever used for events other than by the Spiritual Center? No

Are facilities ever used during day time for events other than campout? Weddings . We had one wedding in the last 2 years.

Does anyone ever live on property? No

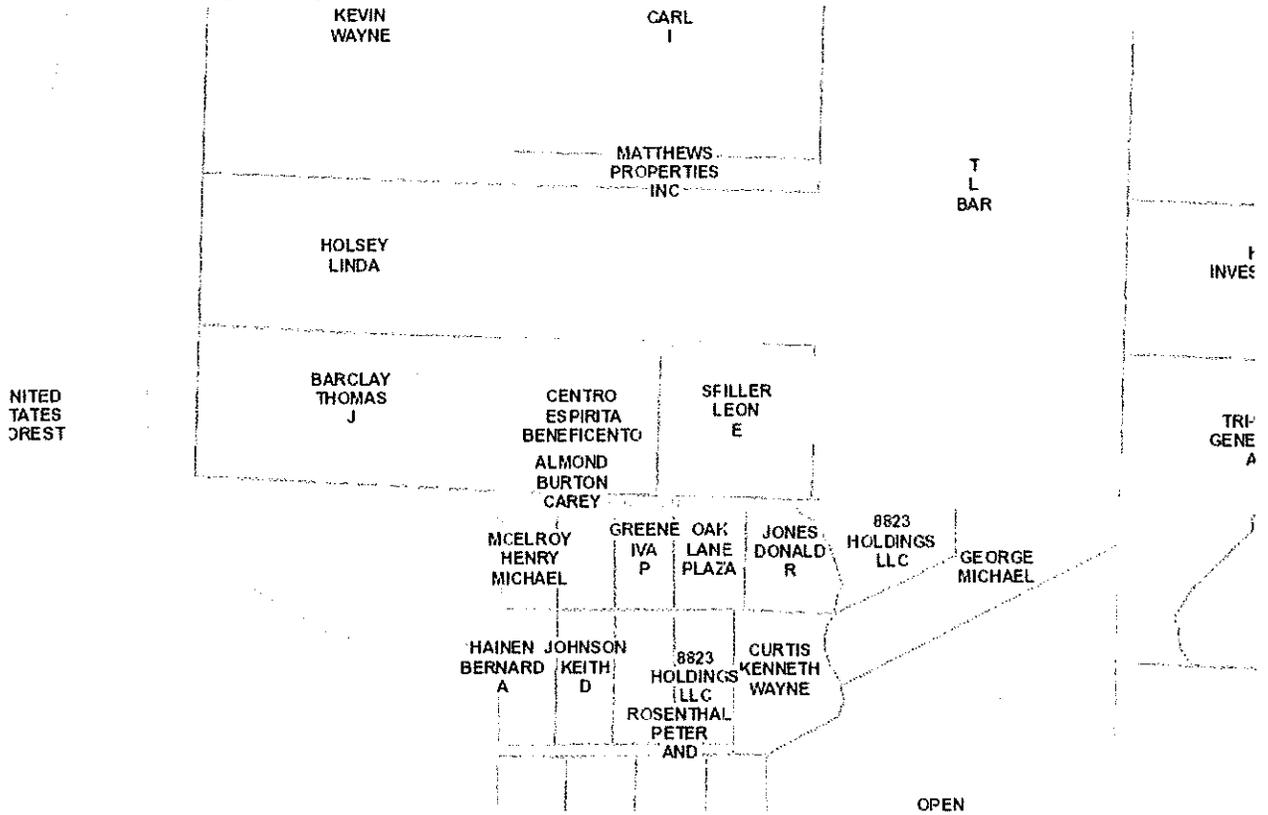

Do you have a campfire(s) during campout or other times of the year? Any water suppression system available? We have a fire ring with a grate . We have a hose hooked up to outside faucet and (2) -"Navajo "(5) gallon backpack water fire extinguishers .

Do campers bring own food and water? Is the kitchen facility used by campers for cooking/cleaning? Members who stay the night have their own water and food . Members can use the kitchen . We have bottled water in a 5-gallon dispenser in the meeting hall always available.

Do campers use kitchen or bathroom facilities within the structure? Members who stay the night after a meeting can use the bathrooms (we have two bathrooms in the meeting hall) and the kitchen if they want.

Bryan,

I'm writing to follow-up on our conversation yesterday concerning the existing use of the subject property and your Development Permit application to place a Yurt on this property for camping on the property. It is my understanding from our conversation and the drawing submitted with your Development Permit application that its your intent to place the Yurt on a platform that will be less than 30" inches off the ground and as such would not require a Building Permit. We also discussed the fact that the Development Permit, Building Permit and Septic Permits issued to Centro Espirito Beneficiente Uniai Do Veget (CEBUDV), the owner of this property, which all identify the work description and proposed use of the property is for a Single-family Dwelling and not as a meeting facility for a spiritual center for a religious organization.

In considering this matter I am returning your Development Permit application for the proposed Yurt and will contact our Finance Department and ask them to refund your \$50.00 application fee. This office has no objection to the owner of this property placing a Yurt on this property as long as it meets or exceeds the F Zone District setbacks. Based on the proposed location on the drawing accompanying your Development Permit this site would clearly meet the applicable setback requirements.

During our conversation in response to my statements that the existing structure and septic system permitted in 1998 were for a a Single-family residence you indicated that you as the applicant had made it clear the owner's, CEBUDV, intent was to permit and build this structure and the attendant OWS as a meeting facility for your organization. I find no reference or indication that the applied for and /or issued permits were for a meeting facility for CEBUDV, as a religious organization. I've gone back and reviewed the Floor Plan that you submitted to the Building Department in 1998 for the "Lone Cone Road Residence". This Floor Plan which I've attached to this email includes a kitchen, bathroom & shower, and what appears to be a large meeting room but no actual bedrooms. At the time the permits were applied for in 1998 the County Land Use Code (LUC) and specifically the F Zone District identified churches and community meeting halls, libraries or other civic facilities as Uses Allowed not by Right but rather subject to One-step Planning Commission Review.

While I'm not requiring a Development Permit for the placement of a Yurt on this property I do believe it would be appropriate for your organization to take steps to have the actual use of this property, which you indicate is a "spiritual center" for a non-profit religious organization, recognized as such by the Internal Revenue Service (IRS) and the State of Colorado, reviewed and approved by San Miguel County. Please give me a call at your convenience so we may discuss what steps or actions may be needed to recognize and/or

properly permit this existing structure and its use as a meeting facility or spiritual center for a non-profit, religious organization.

Sincerely,

Mike Rozycki (970) 728-3083

MINIMUM REQUIREMENTS FOR PLAN REVIEW AND BUILDING PERMIT APPLICATION

1. Application to include
 - a. Completed application form (typed or ink)
 - b. 2 complete sets of plans (to scale) 1/4" = 1' (plus 1 additional site plan for Fire Department review, if applicable)

List valuation of project (include cost breakdown or contract price)
- c. Plot plan:
 - State actual building site elevation
 - Show setbacks of proposed construction from: 1) all property lines; 2) from existing structures; 3) septic system; 4) well; 5) any natural water course, stream or wetlands in area/on property
 - Driveway access including: 1) width; 2) grade; 3) length; 4) parking spaces (driveways over 150' in length require fire department approval)
 - Show easements and right-of-ways
 - Dimensions of building (s)

- d. **Typical section view includes:** 1) footer; 2) stem walls; 3) reinforcing; 4) sills; 5) joists; 6) studs; 7) headers; 8) rafters; 9) roofing material; 10) pitch of roof; 11) roof ventilation design; 12) crawlspace ventilation; 13) insulation (R-values)
- e. **Floor plans of each floor to show:** 1) individual room dimensions; 2) window (s) sizes and types and all door sizes and locations; 3) plumbing and kitchen fixtures
- f. **Foundation plan to show:** 1) size and depth of footing and stem walls; 2) amount and placement of horizontal and vertical rebar; 3) size and spacing of anchor bolts; 4) sizes of piers and pads; 5) thickness and reinforcing of slabs; 6) vapor barriers; 7) crawlspace ventilation
- g. **Framing plans to include all structural information for:**
Floor framing: 1) size; 2) grade; 3) spacing; 4) span; 5) type of wood used
All beams and headers: 1) location; 2) spans; 3) bearing location; 4) size; 5) grade; 6) type of wood used
Roof framing: 1) size; 2) grade; 3) spacing; 4) span; 5) type of wood used
 NOTE: All trusses, T.J.I. (s) or like products to be used require manufacture design specifications to be attached to the plans.
- h. Elevation views: 1) front; 2) sides; 3) rear
- i. Insulation: Must comply with San Miguel County Prescriptive Energy Code requirements or 1995 Model Energy Code

2. **Permit Fees Required**

- a. Building permit fee based upon valuation of project (Table 1-A, 1997 U.B.C.)
- b. Plan check fee (65% of building permit fee)
- c. Mechanical permit fee based upon Table 1-A, 1997 U.M.C.
- d. Plumbing permit: State Inspector 249-8565
- e. Electrical permit: State Inspector 249-1870
- f. Fire Protection permit: Telluride Fire District 728-3801 (sprinkler system)
- g. Septic permit: 1) \$150 for new installation; 2) \$75 repair (Environmental Health Director 728-0447) Payment must accompany application
- h. Driveway permit: County Road and Bridge Department 327-4835

3. **Additional requirements:**

- a. Homeowners Association approval (if applicable)
- b. Proof of payment of water/sewer tap fees (if applicable)
- c. Architect, engineer stamp/signature when required by Colorado State Statutes
- d. Soils report (if applicable)
- e. **NEW REQUIREMENT:** Location survey for proposed construction will be essential in the following areas: 1) Fall Creek Subdivision; 2) Ski Ranches; 3) Elk Run; 4) Raspberry Patch; 5) Preserve; 6) Aldasoro Ranches; 7) Lawson Hill; 8) Ilium
 NOTE: Documentation of survey must be submitted before placement of any concrete.
- f. One copy of any approval pertaining to the parcel: 1) deed restrictions; 2) special use permits
- g. Documentation of well permit from the Colorado Division of Water Resources (if applicable)

Special Use Permit for Spiritual Center on CR 44ZS

1 message

Mike Horner <mikeh@sanmiguelcountyco.gov>

Tue, Aug 16, 2016 at 11:17 AM

To: Karen Henderson <karenh@sanmiguelcountyco.gov>, John Huebner <johnh@sanmiguelcountyco.gov>

Karen,

We have reviewed the application for the spiritual Center located on County Road 44ZS (Miramonte Road) at approximately mile marker 10.

The existing driveway has been inspected and is in compliance with R&B specifications.

Any connection to utilities will require a Special Construction Permit from the Road Department prior to any disturbance within the county road right of way.

Thank you,
Mike

Fwd: Special Use Permit for a Spiritual Center

1 message

Janet Kask <janetk@sanmiguelcountyco.gov>

Thu, Aug 18, 2016 at 1:33 PM

To: planning@sanmiguelcounty.org

Hi Karen,
Reference is made to your memo dated 8/1.
This concerns the Special Use Permit for a Spiritual Center.
Linda Luther requested I follow-up with you.

As you know, the parcel contains mapped GuSG habitat.
Activity should be limited within the mapped habitat.
The sage brush should be maintained and not destroyed or cut.

Construction activity should be limited to outside the habitat.
What currently exists on the parcel and what is planned?
Please advise. Thanks.
Janet

Special Use Permit for Spiritual Center

1 message

Ted <norwoodted@aol.com>

Wed, Aug 31, 2016 at 3:27 PM

To: "johnh@sanmiguelcountyco.gov" <johnh@sanmiguelcountyco.gov>

Mr. Huebner

The Norwood Fire Protection District has reviewed the application for a Special Use Permit for the property at 10300 CR 44ZS. The district has no issues with the permit, but does want to remind the occupants of the county regulations regarding any open burning such as: campfires, bonfires, slash piles, etc.. All open burning must be called in to San Miguel Sheriff's Office Dispatch at [970-728-1911](tel:970-728-1911) then dial 1 to get to the dispatch center where they will advise if it is safe to burn.

Sincerely,

Ted Mueller

Fire Chief

Chris Smith <chriss@sanmiguelcountyco.gov>

Tue, Aug 16, 2016 at 12:13 PM

To: Karen Henderson <karenh@sanmiguelcountyco.gov>, Mike Rozycki <miker@sanmiguelcountyco.gov>

Karen:

On 8/16/2016 I completed a review of the memo regarding the special use permit for the spiritual center on behalf of Bryan Rea/Centro Espirita Beneficento Unidad Do Vegetal.

In my understanding of the OWTS regulation, the existing OWTS is insufficient for the proposed occasional increased water use. San Miguel County should enlist a Professional Engineer to conduct an evaluation of the OWTS design flow based on the occasional high water use, including the possible use of vault privies. I'm unsure if vault privies may also be defined as port-a-potties.

Minimum sanitation for public health requires properly furnished handwashing facilities to be provided with restroom facilities, including privies. The minimum requirements for hand washing facilities include free flowing hot and cold water, waste water disposal, dispensed soap and paper towels, and a waste receptacle for paper towels. For temporary type hand washing units, the hot water requirement is typically non-compliant. If temporary handwashing facilities are proposed, the applicant shall describe how all requirements for a temporary handwashing facility will be managed and maintained in compliance.

Please don't hesitate to contact me if I can be of further assistance.

Regards, Chris

NOTICE TO PROPERTY OWNERS:

The San Miguel County Planning Commission has been asked to consider an application submitted by Bryan Rea, on behalf of Centro Espirita Beneficento Uniad Do Vegetal, PO Box 1352, Ridgway, CO 81432, owner of a 40 acre parcel located at 10300 CR 44ZS south of Norwood, zoned Forestry, Agriculture and Open (F) Zone District. The applicant seeks a Special Use Permit for a Spiritual Center. The Center holds monthly meetings and occasional short term overnight camping gatherings. The proposed spiritual center is a One-step Planning Commission review pursuant to Land Use Code Section 5-307 D. II.

A public meeting on the above proposal will be held by the County Planning Commission September 14, 2016 in the Glockson Building, 1120 Summit Street, Norwood, Colorado, at which time you may appear if you so desire, either in person or by agent or attorney, to ask questions or provide comment regarding the proposed request. It is tentatively scheduled to be heard at 10:30 a.m. For more information or the time of this meeting please call 970-728-3083.

Written comments of more than one page may not receive complete consideration if not received by **noon** September 7, 2016. Send written comments to: San Miguel County Planning Department, P.O. Box 548, Telluride, CO 81435 or to johnh@sanmiguelcountyco.gov. The meeting on this proposal is not limited to those receiving copies of this notice. If you know of any neighbor or potentially affected property owner who, for any reason, has not received a copy of this notice, it would be appreciated if you would inform them of this public hearing.

Respectfully,

APPLICANT'S CERTIFICATION OF COMPLIANCE WITH THE PUBLIC NOTICING REQUIREMENTS OF C.R.S. § 24-65.5-103(1)

BRYAN REA, Applicant, or the duly designated agent(s) of Applicant, has applied to San Miguel County for approval of an application for development that is in anticipation of new surface development on the subject property. Applicant recognizes that the provisions of C.R.S. § 24-65.5-103(1) require public notice, at Applicant's expense and not less than thirty (30) days before the date scheduled for a public meeting or hearing, to all owners and lessees of a mineral interest of record on the subject property of the pending application.

Applicant or Applicant's agent(s) have examined the records in the Office of the San Miguel County Clerk and Recorder to determine the Mineral Estate Owner, as that term is defined in C.R.S. § 24-65.5-102(5). Applicant or Applicant's agent(s) hereby certifies that: (Check One)

[] Following an examination of the records in the Office of the San Miguel County Clerk and Recorder, no separate Mineral Estate Owner(s) of record have been identified on the subject property of the pending application, and Applicant owns all of the mineral rights on the subject property.

OR

[X] Following an examination of the records in the Office of the San Miguel County Clerk and Recorder, public notice by first class mail has been provided to the owner(s) of record of the Mineral Estate (including owner(s) and lessee(s) of the Mineral Estate) on the subject property of the pending application for development. Such notice contained the time and place of the public meeting or hearing, the nature of the public meeting or hearing, the location of the property that is the subject of the meeting or hearing, the name of the applicant, the local government considering the application for development and the name and address of the Mineral Estate owner(s). I hereby certify that I have attached a copy of this Mineral Estate owner(s) and lessee(s) list and the letter sent to them to this Certification.

MAILED AUG-26 '16 1st CLASS CERTIFIED RETURN RECEIPT

I understand that San Miguel County requires completion and delivery of this Certification of Compliance to the San Miguel County Planning Department at least ten (10) days prior to the public meeting or hearing on a land use application in anticipation of new surface development if such applications are subject to the noticing requirements of C.R.S. § 24-65.5-103(1). I further understand that failure to submit the required Certification of Compliance to the County Planning Department at least ten (10) days prior to the public meeting or hearing on a land use application will result in the public meeting or hearing being rescheduled to a later date.

MAILED AUG 13 1st CLASS CERTIFIED RETURN RECEIPT

APPLICANT'S CERTIFICATION OF COMPLIANCE WITH THE PUBLIC NOTICING REQUIREMENTS OF THE SAN MIGUEL COUNTY LAND USE CODE SECTION 3-9

BRYAN REA, Applicant, or the duly designated agent(s) of Applicant, has applied to San Miguel County for approval of a land use application. Applicant recognizes that the provisions of the San Miguel County Land Use Code (LUC) Section 3-9 require public notice by First Class mail and posting of the property not less than twenty (20) days before the date scheduled for a public meeting or hearing.

Applicant or Applicant's agent(s) have examined the current tax records of San Miguel County as they appeared either in the records of the San Miguel County Assessor or under the San Miguel County Geographic Information Systems* (GIS) mapping program no more than sixty (60) days prior to the date of the public meeting or hearing. Applicant or Applicant's agent(s) hereby certifies that: (Applicant must check all.)

MAILED
1ST CLASS
AUG. 24, 2016

Following an examination of the records in the San Miguel County Assessor or under the San Miguel County GIS* mapping program, the Applicant has provided public notice, in compliance with LUC § 3-903C not less than twenty (20) days before the date scheduled for a public meeting or hearing, by First Class mail to every property owner and condominium unit owner within 500 feet of the perimeter of the subject property. I hereby certify that I have attached a copy of this public notice letter and mailing list to this certification.

Not less than twenty (20) days before the date scheduled for a public meeting or hearing, I hereby certify that, in compliance with LUC § 3-903B, public notice has also been provided by posting a sign in a conspicuous place on the property that is the subject of the land use application. I understand that San Miguel County requires completion and delivery of this Certification of Compliance to the San Miguel County Planning Department at least ten (10) days prior to the initial public meeting or hearing on a land use application. I further understand that failure to submit the required Certification of Compliance to the County Planning Department at least ten (10) days prior to the initial public meeting on a land use application will result in the public meeting or hearing being rescheduled to a later date.
