**LAWSON HILL PUD DEVELOPMENT PLAN LAND USE MATRIX**

**EXPLANATORY NOTES AS TO COLUMN AND ROW HEADERS**

"LOT #" refers to the Lot number as it appears on the Final Plat. "TRACT" refers to parcels designated as Open Space.

"ACRES (Acres)" refers to the size of the lot in acres.

"ZONE DISTRICT" refers to the County approved zoning for the lot.

"ALLOWED USE" refers to the County approved use for the lot.

"AH PUD" refers to the "Affordable Housing Planned Unit Development" Zone District as specified in the County Land Use Code.

"PUD" refers to the "Public" Zone District as specified in the County Land Use Code.

"I" refers to the "Low Intensity Industrial" Zone District as specified in the County Land Use Code.

"F" refers to the "Forestry, Agriculture and Open" Zone District as specified in the County Land Use Code.

"AH" designates open space lots created as a result of the AH PUD zoning originally given to certain lots in the PUD.

"LD" designates open space lots created as a result of the Low Density zoning ("Boston Commons") given to certain lots originally in the PUD.

"Open Space" Open Space parcel is considered to be "Passive" as defined in Article 6 of the Land Use Code, unless a specific use is listed.

"# UNITS" refers to the allowed number of "Dwelling Units" (as defined in the County Land Use Code) on the lot.

"ZONED POPULATION" refers to Population Density (as defined in the County Land Use Code).

"MAX RES FL AREA" refers to the MAXIMUM Floor Area (as defined in the County Land Use Code) for residential uses allowed on the lot (measured in square feet).

"MAX ACC FL UNIT" refers to the MAXIMUM Floor Area (as defined in the County Land Use Code) allowed for an Accessory Structure (as defined in the County Land Use Code) on the lot in square feet.

"MAX NON RES" refers to the MAXIMUM Floor Area (as defined in the County Land Use Code), including basements and garages, for non-residential uses allowed on the lot (measured in square feet).

SETBACKS: refer to the definition of "Setback" found in Article 6 of the County Land Use Code (measured in feet).

"SETBACK FRONT" the setback measured from the front lot line which is the property line which meets a street or the property boundary line from which road access is obtained.

"SETBACK REAR" the setback measured from the property boundary line opposite the front lot line.

"SETBACK SIDE" the setback measured from any property boundary lines other than front and rear lot lines.

"HGT PRMY" refers to the allowed "Height" for the primary Structure on the lot (measured in feet).

"HGT ACC" refers to the allowed "Height" for the Accessory Structure (as defined in the County Land Use Code) on the lot (measured in feet).

"REQD PKG" refers to the number of parking spaces required for the lot in accordance with County Land Use Code Section 3-702, which spaces are to be located on site, unless as otherwise allowed (and noted herein).

"MAX FTPRT" refers to the MAXIMUM allowed footprint (measured in square feet) for the primary Structure (unless otherwise noted) on the lot.

"GRAND TOTAL" includes residential floor area in live/work and lodge.

"LOT" and/or "TRACT" in bold italics refers to parcels that have not been Final Platted.

**GENERAL NOTES**

All Development (as defined in the County Land Use Code) in Lawson Hill PUD requires a County approved Development Permit.

Setbacks, Footprints and Building Envelopes: Structures shall be separated from other structures by a minimum of 20 feet to meet the Fire Protection Plan (does not apply to Illium Valley). The front, rear and side setbacks listed in this Matrix are to the exterior faces of exterior walls. Roofs, eaves, and gutters may project beyond the setbacks within front, rear and side yards within the same property subject to current Uniform Building Code restrictions. Projections over rights of way shall require an appropriate easement from the Lawson Hill Property Owner's Company and shall be subject to current Uniform Building Code regulations. Projections onto public open space and United States Forest Service properties shall not be allowed. The setbacks noted as "See Final Plat" will show maximum building envelopes on the plat.
LAWSON HILL PUD DEVELOPMENT PLAN LAND USE MATRIX

The residential envelopes are to outside wall and allow a roof overhang of not more than eighteen inches and honor the Fire Protection Plan.

With regard to setbacks shown with "N," "E," "S," or "W," the listed setback shown applies only to the North, East, South, or West setback, respectively.

An Amendment of February 1996 to the Insubstantial Amendment to Lawson Hill Phase One and Phase Two established the ability to exceed the specified footprint of a lot exclusively for the construction of a deck, steps, and/or mud and/or storage room attached to an existing house. This is specifically contingent upon the following conditions:

i. A property owner may exceed a lot's specified footprint by one half of the distance between adjacent footprints or existing improvements, whichever is less. The improvement must meet the required twenty-foot (cave to cave) fire separation.

ii. The addition must be 100 square feet or smaller.

iii. The addition must be unheated, non-habitable space.

iv. The addition is subject to Design Review Board and San Miguel County review and approval.

v. The addition must remain within a lot's designated setbacks as determined in the Matrix.

vi. The addition may not exceed a lot's designated square footage limit and height limit as determined in the Matrix.

vii. The addition must comply with any and all other applicable guidelines and codes previously established.

LOT SPECIFIC NOTES

1 Maximum residential floor area does not include basements which cannot exceed the area of the first floor and must be at least 50% below grade (does not apply to Lots with Notes 5 & 19).

2 Accessory use/structure shall be defined as non-heated garage, workshop and storage structures which are not part of the "liveable" floor area of the main structure.

3 Building Height shall be measured from the average surrounding grade to the midpoint between the ridge and eave on a gable; and to the highest point of a shed roof; and to the top of a parapet. Reconfiguration of the surrounding grade in order to decrease building height is not allowed.

4 The maximum building height may be increased from 22 ft. to 25 ft. of the unit footprint (not including porches & decks) does not exceed 650 sf.

5 Population Density calculated using County Land Use Code (LUC) language adopted January 3, 1995 in Board of County Commissioners (BOCC) Resolution 1995-1. Maximum residential floor area includes basement space. (Lots 6, 314 1-13, 315 1-5, portion of Lot O, and Lot P.)

6 This lot has a building envelope (See Final Plan) (Lot E)

7 Approved for deck construction only. (Lot 9)

8 North Side Yard Set back set at zero feet (0') for mud room only. (Lot 198)

9 This setback is 0 only as it pertains to the pedestrian access bridge. (Lot 302 910)

10 Garages up to 625 sq. ft. are included in maximum footprint, but not included in maximum residential floor area. Garage spaces are not credited to required parking spaces.

#### NOTES (Ilium Valley only)

a. No building, fences, or yards within setback.

b. Existing grade within setback and existing vegetation within setback shall remain undisturbed.

c. Maximum building footprint shall not exceed 50% of the maximum allowable Floor Area (as defined in the County Land Use Code).

d. No less than four parking spaces shall be provided per acre whether floor area is built. One car per 300 square feet of total developed Floor Area shall be provided. All required parking shall be outdoors. The Ilium Valley Design Review Board may reduce the required parking on a case by case basis, but in no event shall the required parking be less than that required pursuant to County Land Use Code Section 5-702.

e. Uses allowed in the "I" Zone in accordance with County Land Use Code Sections 5-308 and 5-309 including commercial growing nursery; bulk landscaping materials; seasonal vehicle storage; roofing plant; house moving contractor; bulk recycling center; trout farm; kennel; dog pound; sewage treatment plant; power substation; commercial greenhouse; self storage; cemetery; appliance and equipment rental; storage, and repair; automobile washing facilities; electrical and plumbing service shops; commercial bakeries; computer product sales and service; printing and publishing shops; telecommunications supply; utility service facilities; day care centers (on lots of at least one acre); affordable housing accessory to a principal use for persons employed within the PUD; business and professional offices; warehouses, lumber yards; building supplies sales; manufacturing and processing businesses; light industrial facilities; research and development facilities; feed and seed stores; auto sales; auction houses; construction contractors; commercial laundries; dry cleaning plants and self-service laundries; gasoline service stations and auto repair subject to the standards and provisions of LUC 5-308 B. XI.

g. Where minimum residential Floor Area is shown, any Development of the lot must include the Development of the Dwelling Unit.

h. Front Setback is from the right-of-way "access easement."

i. Uses include the following specified uses: bulk landscaping materials; bulk recycling center; cemetery; commercial greenhouse; commercial growing nursery; dog pound; house moving contractor; kennel; power substation; roofing plant; seasonal vehicle storage; self-storage; sewage treatment plant; trout farm. Uses also include all uses in the Heavy Commercial (HC) Zone District and the Low Intensity Industrial (I) Zone District, including Affordable Housing Accessory to a Principal Use for persons employed within the PUD; appliance and equipment rental; storage, and repair; auction houses; auto sales; automobile washing facilities; building supplies sales; business and professional offices; commercial bakeries; commercial laundries; computer product sales and service; construction contractors; Day Care Centers (on lots of at least one acre); dry cleaning plants; electrical and plumbing service shops; feed and seed stores; gasoline service stations and auto repair, subject to the standards and provisions of County Land Use Section 5-308 B. XII.; light industrial facilities; lumber yards; manufacturing and processing businesses; printing and publishing shops; research and development facilities; self-service laundries; telecommunications supply; utility service facilities; warehouses.

j. Along southerly border, no building may be built within an area one and one-half times the dimension of the exposed height of the retaining wall, nor may any building element project above a line drawn 35 degrees from the top of the retaining wall.

k. All building shall be under one roof, except for such uses as may be permitted under review by Ilium Valley Design Review Board.

l. Americans with Disabilities Act (A.D.A.) required elevator height exception.

m. Height shall be measured from the highest point on the building to the immediately adjacent finished grade.

n. Height shall be measured from the mid-point between roof and eave of main roof element to pre-construction grade immediately below such mid-point.

o. With regard to setbacks shown with "N," "E," "S," or "W," the listed setback shown applies only to the North ("N"), East ("E"), South ("S"), or West ("W") setback, respectively.
p. A property owner may exceed the lot's specified square footage for the purpose of constructing a mud room or attached storage structure contingent upon the following conditions:
   1. The addition must be 100 square feet or smaller.
   2. If a request is made for both a mud room and a storage unit the total combined square footage may not exceed the 100 square feet allowed.
   3. The addition must be unheated, no-habitable space.
   4. The addition is subject to San Miguel County review and approval.
   5. The addition must remain within lot's setbacks as determined on the final plat or by the Uniform Building Code.
   6. The addition must comply with any and all other applicable guidelines and codes previously established.

q. All building must be under not more than two roofs.

r. Units shall be designed in a manner so as not to create a "shadowing" of the roadway due to house height. See conceptual plan by Hurst or approval by Planning Departmenf if different plan provided.

s. Lots Q2 - Q35 are permitted to have garages up to 750 sq. ft. except Lot Q24R which is limited to the 600 maximum building footprint. Such garage sq. ft. is not included in the maximum residential floor area. Garages do not satisfy required parking.

  1. All uses allowed in the Affordable Housing Planned Unit Development (AH PUD) Zone District include housing on a minimum of month-to-month term to transient employees in the region or their employers. For these purposes multi-family dwellings shall include dormitories and other transient type accommodations.

  u. No more than 20% additional Floor Area may be allowed if such Floor Area meets the 1991 Uniform Building Code definition of Basement area.

  v. No more than 25% additional Floor Area may be allowed if such Floor Area meets the 1991 Uniform Building Code definition of Basement area.

  w. No more than 35% additional Floor Area may be allowed if such Floor Area meets the 1991 Uniform Building Code definition of Basement area.

  x. No more than 40% additional Floor Area may be allowed if such Floor Area meets the 1991 Uniform Building Code definition of Basement area.

y. A Small Animal Veterinary Hospital which provides treatment for small animals including but not limited to, all breeds of dogs, cats, birds, reptiles and other "pocket pet" animals kept as domestic pets is an allowed use on specific lots within the Ilion Park Industrial Park. This type of facility does not include large animals such as horses or cattle. The Small Animal Veterinary Hospital facility and its wellness and medical services shall be conducted indoor within a sound proof building where the noise and barking from the animals cannot be heard outside of the building. An enclosed outside dog run for supervised daytime exercise may be allowed as an accessory use to the indoor Small Animal Veterinary Hospital. A Development Permit will be required to allow this use and if the application and site plan include an outdoor run or exercise area the application will be referred to the Colorado Department of Parks and Wildlife to review the site specific plan and proposed mitigation measures to address the potential to wildlife. Prior to issuance of a Development Permit for a Small Animal Veterinary Hospital the applicant shall certify that the facility can and will be operated in accordance with the applicable Colorado statutory and regulatory requirements and provide documentation that either the applicant or an employee possess the required Colorado Veterinary license.

z. No more than 50% additional Floor Area may be allowed if such Floor Area meets the 1991 Uniform Building Code definition of Basement area.

aa. Uses include the following specified Uses: bulk landscaping materials; bulk recycling center; cemetery; commercial greenhouse; commercial growing nursery; dog pound; house moving contractor; kennel; seasonal vehicle storage; self-storage.
