Idarado Legacy Trail

This 1.24 mile trail is located between the Town of Telluride and the Pandora Mill in the east end of the Telluride valley. This improved trail is a great area to walk your dog, hike or bike. Interpretive signs have been installed along the trail to tell the story of mining history in the area. The trail terminates just before the Pandora Mill where the paved road turns to dirt and continues up to Bridal Veil Falls. Trail is open to all non-motorized uses. Dogs must be on leash or strict voice command.
